

LIZ BECERRA: *Thirty-One*

Liz has always been a "stay at home mom". She went to a Thirty-One party, and soon booked one of her own. When she saw how much fun her friends had, how much free merchandise she earned, and found out how much money the consultant made, she signed up that night.

Thirty-One is a name synonymous with affordable personal and home organizing. From totes to purses to storage cubes and accessories for all, you'll be sure to find the perfect gift!
